

EduTainment - the magic of a WisJay

Chunks of wisdom at my fingers, ready to be mixed and played ..

- .. until your body mind & soul dances.

What is a WisJay ?

"WisJay" from wisdom and (disc) jockey. Someone needed to create a new name for a very old, and now renewed human quality, so I did.

Education and Entertainment presented in form of spontaneous chunks of wisdom, insights - pure inspiration and delight.

Basically this is my personal challenge, my future.

Creativity has many many forms.

- Look at nature.
